## **CITY OF FRANKFORT 2024 – 2025 Goals**

The City of Frankfort has the following to offer for our updates with our adopted ADA Transition Plan and Title VI Policies

### **Street Department**

- Data Collection is in process and on-going as things change
- Pedestrian Access Route has been visually inspected throughout the city
- Running Slope and Cross Slope continually to be inspected throughout the city
- Changes in Level / Surface Condition continue to be inspected throughout the city
- Obstructions, Protrusions and Utility Considerations
- Curb Ramp inventory is in process
- Ramp Width and Slope
- Flares, Landings and Turning Spaces
- Detectable Warnings
- Drainage is being investigated and discussed with the street department and a plan to tackle these issues is being addressed

### **City Wide**

- Self-Evaluation and Transition Plan is in Process
- Facility Audit is partially completed
- City Administration and Departments have met on a regular basis and are up to speed with all our programs and services
