

Veterans Day 2021

On this Veterans Day we take time to remember the many veterans in Frankfort and Clinton County. So many of the freedoms we enjoy are a result of the sacrifices, determination, and strength of the veterans in our community. All of us have benefited from their service. Because of that, we take today to thank veterans for their service, dedication, and commitment to our country and this community.

But, it is not enough for us to show our gratitude on one designated day each year. The enormity of their sacrifice is beyond compare. I hope all of us will continue to be mindful and grateful each and every day of our lives for the courage and sacrifices made by the men and women of our armed forces. On this day, and every day, I encourage all of us to show veterans our gratitude.

The words “thank you” are two simple words, but they hold our love, gratitude, prayers, and the understanding that the long-lasting impact of their service reverberates through the years and benefits generations to come.

Thank you
Mayor Judy Sheets
