

On this Thanksgiving, I encourage all of us to stop for a moment and see what you are truly thankful for and to be mindful of all your blessings.

I am very thankful to have the opportunity to serve the City of Frankfort to make Frankfort a better place by working together with the community, business owners and industry leaders.

Over the past 20 months we have had Covid-19 or the pandemic be in the minds of all of us. This may be the first time that some will be able to enjoy Thanksgiving or have a family meal together since 2019. I pray for strength and peace for those who will have empty chairs at the table due to Covid-19 or illnesses.

I also pray for the brave men and women who are missing their families and cannot be home on this Thanksgiving as they fight for the very freedom that has been given to us today.

My hope, on this Thanksgiving, is for you to be able to spend time with family and friends and cherish these memories together. Happy Thanksgiving.
