Frankfort, IN- On July 14, 2022, The Frankfort Police Department received a report of a kidnapping of a child in the area of Walnut and East at approximately 11:14 AM. The initial investigation from the victim is that a thin, clean shaven black male wearing shorts and a t-shirt forced the victim about a block from the victim's house. There, the victim was able to run back to their house.

There were multiple individuals interviewed in the area around the location last seen. One individual did see a man matching the description walking south from Walnut near Van Buren. While we have checked every house with an apparent surveillance camera or video doorbell, we ask that if anyone lives in a four-block radius of East and Walnut to check their system for any recordings. You are urged to report any information to Central Dispatch at 654-4431 or 911. They will relay it to our investigations division.

Due to the age of the victim, this information is the best we can obtain at this time. Detectives and patrol officers will continue to provide updates that may be released later.
