Frankfort Police Recognized for Excellence in Policy and Training

Frankfort, IN, – Last year, Frankfort Police personnel responded to more than 11,093 requests for assistance—from criminal investigations to mental health crisis and animal complaints to juvenile problems. To maintain a consistent and professional response, the department relies on comprehensive, up-to-date policies.

Recently, Frankfort Police was recognized by the Lexipol Connect program for achieving Gold level for consistently and effectively disseminating policies to officers, issuing timely policy updates as laws change, and ensuring officers are trained on policies. Lexipol is the nation’s leading provider of policy, training and wellness support for first responders and public servants; the Connect program tracks Frankfort police officer performance on five metrics proven to measure success in policy management.

“Policy – and regularly training on policy – is crucial to the success of the department. We are proud to be recognized by Lexipol Connect for continuously improving professionalism and safety,” says Chief Scott Shoemaker

Frankfort Police Department’s excellence in policy and policy training enhances community safety by ensuring consistent, effective response based on national best practices.

“Those using Lexipol policies are progressive agencies delivering the highest levels of service,” says Mayor Judith Sheets. “We’re excited FPD is delivering a standard of excellence through their policy efforts that reduces risk for our personnel and those we serve.”
