

On behalf of the City of Frankfort, I wish everyone a happy, healthy, and safe Good Friday & Easter for those observing and celebrating this weekend.

Easter reminds us of the triumphs of hope, and of new beginnings. Throughout history, we have faced challenges, but we've always emerged stronger – united by faith, resilience, and a collective spirit.

This Easter, let's hold onto those values. Let's gather with loved ones, share in traditions, and reflect on the blessings in our lives. Whether attending services, participating in egg hunts, or simply enjoying a delicious meal together, let the spirit of Easter fill our hearts.

This spring season brings a sense of renewal. As nature awakens flowers are popping up in our parks and gardens with vibrant colors. It invites us to step outdoors, reconnect with nature, and appreciate the simple beauty that surrounds us. Let's take advantage of this time to rejuvenate ourselves and our community by support local businesses, volunteering, or simply taking a walk through TPA Park.

Together, let's celebrate the spirit of Easter and spring. May this season bring joy, peace, and new beginnings to each and every one of you.

I am blessed to serve the City of Frankfort and to work diligently alongside you to better our community. Wishing you all a joyous Easter and a beautiful spring season!

God Bless,

*Mayor Judy Sheets*
