**FRANKFORT, IN – [April 15, 2025]** – The City of Frankfort is pleased to announce the appointment of Ryan Edgar as the new Superintendent of the Frankfort Parks Department. During last night's Board of Public Works meeting, Ryan Edgar was officially sworn into his new role by Mayor Judy Sheets.

Ryan started with the Frankfort Parks Department in November 2024. Since then, he has actively addressed the park system's critical maintenance and facilities needs. His prior experience and proactive approach will be instrumental in his new leadership role.

In his new role, Ryan will oversee the maintenance, development, and programming of Frankfort's parks and recreational facilities. This includes managing park staff, developing and implementing strategic plans for park improvements, and working collaboratively with community organizations to enhance recreational opportunities for Frankfort residents.

Mayor Judy Sheets expressed her enthusiasm for Edgar's appointment: "We are thrilled to welcome Ryan to the City of Frankfort in this new leadership capacity. His dedication to our community and his hands-on experience addressing the needs of our parks since November make him an excellent choice to lead our Parks Department into the future. I am confident that our parks will continue to be vital assets for all our citizens under his leadership."

Ryan Edgar shared his excitement about his new role: "I am honored and eager to continue serving the Frankfort community as the new Parks Superintendent. Having already been part of the department, I strongly understand our current needs and opportunities. I look forward to working with the dedicated staff and engaging with residents to ensure our parks remain beautiful, accessible, and enjoyable spaces for everyone."

Residents are encouraged to welcome Ryan Edgar and share their ideas for the future of Frankfort's parks.
